1. Supported on the basis of also holding a public referendum
2. NZ First supported this bill, but did force Labour / Greens to accept amendment which helped maintain the ability for legal sanction - rather than full decriminalisation as intended by Labour / Greens
3. National support medicinal marijuana, but opposed the current law because “smoking is not medicine”, a concern that Family First shares.
4. Raise price, raise purchase age, reduce accessibility, reduce advertising & sponsorship, target drink-driving (plus increase treatment availability and health warning labels on products)

"Didn't vote" = was a current MP but either abstained or didn't show up for the vote

Labour leader Chris Hipkins, National leader Christopher Luxon and the Maori Party refused to respond to our questionnaire. Where possible, we have recorded a response based on their voting records and/or public statements. The Opportunities Party also refused to respond to our questionnaire. Liz Gunn (New Zealand Loyal) did not return the questionnaire at time of going to print.

Where a leader's response to an issue in this year's questionnaire is different to their previous voting record on the same issue, we have defaulted to showing their voting record, as this is the official vote recorded in Hansard. However, we have used a lighter green and a grey to indicate to the reader that their position / view is different to when they voted on the issue when in Parliament.

SOP = Supplementary Order Paper. These are proposed amendments to a bill when being debated by the MPs in Parliament.
